**CONSENT MOTION TO STAY PROCEEDINGS**

The United States respectfully moves the Court, with Plaintiff’s consent, to stay this action until the United States Supreme Court issues a decision in the four cases consolidated for the purposes of briefing and oral argument under the lead case *Maine Community Health Options v. United States*, 729 F. App’x 939 (Fed. Cir. 2018), *cert. granted*, 139 S. Ct. 2743 (U.S. June 24, 2019) (No. 18-1023) (the “risk corridors cases”). Argument was held December 10, 2019.

On March 6, 2020, Plaintiff filed this action seeking \$1,953,853,892 in money damages for benefit years 2014-2016 of the risk corridors program, 42 U.S.C. § 18062, created by the Patient Protection and Affordable Care Act. Dkt. 1. The legal issues presented in this case overlap with the issues relating to the risk corridors program raised in the risk corridors cases pending before the Supreme Court. Thus, a stay here will conserve judicial resources and the resources of both parties.

For these reasons, the United States respectfully moves the Court, with Plaintiff's consent, to stay this action until the Supreme Court issues a decision in the risk corridors cases. Additionally, the United States requests, also with Plaintiff's consent, that the Court order the parties to file a joint status report within 30 days of such a decision, advising the Court as to future proceedings in this case.

Dated: March 26, 2020

Respectfully submitted,

JOSEPH H. HUNT
