1 * **Section 1.** The uncodified law of the State of Alaska is amended by adding a new section
2 to read:

3 FINDINGS. (a) The legislature finds that

4 (1) on March 11, 2020, the governor issued a declaration of a public health
5 disaster emergency under AS 26.23.020 in anticipation of the spread of COVID-19 to the
6 state and has since issued multiple new disaster declarations for the COVID-19 outbreak;

7 (2) since the initial outbreak through the present day, the outbreak of
8 COVID-19 has resulted in serious consequences for residents of the state and the state's
9 economy;

10 (3) many communities in the state, including the state's largest city of
11 Anchorage and the capital city of Juneau, have seen fit to impose lockdown or hunker-down
12 orders, which have severely reduced economic activity in those communities;

13 (4) lockdown orders and other pandemic-related factors have forced numerous
14 state businesses to close their doors and lay off employees or reduce service levels and
15 employee hours far below what would otherwise have been provided, to the detriment of both
16 those businesses and their hardworking employees;

17 (5) interstate and intrastate travel restrictions of varying levels of
18 restrictiveness, while intended to contain the spread of COVID-19, have resulted in further
19 reduction of economic activities in the state;

20 (6) the state has established and facilitated multiple programs to provide
21 economic assistance to struggling state residents and businesses, but the programs, while
22 providing much-needed relief, generally fall short of fully replacing regular levels of
23 voluntary economic activity;

24 (7) as a result of voluntary and government-imposed reductions of economic
25 activity,

26 (A) the state lost 29,000 jobs between October 2019 and October 2020;

27 (B) many businesses in the state have temporarily or permanently
28 closed;

29 (C) at least 45,000 students in the Anchorage School District have
30 been denied in-person education for a significant period during the pandemic;

31 (8) the shift from in-person learning to distance learning has negatively

1 affected students in the state in terms of the students' learning progression and emotional and
2 social development;

3 (9) the shift from in-person learning to distance learning has been associated
4 with increased instances of child abuse and food insecurity;

5 (10) multiple vaccines for COVID-19 have been developed and are currently
6 being distributed, allowing the state to move into a new phase of its COVID-19 recovery
7 efforts;

8 (11) due in part to the state's robust COVID-19 response efforts, the state
9 currently has the third-lowest COVID-19 fatality rate in the United States; and

10 (12) because of the diligent efforts of the state, Alaska has the highest
11 vaccination rate of all 50 states.

12 (b) Based on the findings in (a) of this section, the legislature finds that it is in the
13 best interest of the state to

14 (1) take appropriate steps to continue to contain the spread of COVID-19 and
15 to distribute COVID-19 vaccines statewide with the utmost diligence and dispatch;

16 (2) take appropriate steps to limit further harm to the state's economy, to
17 enable displaced workers in the state to return to work, and to allow students in the state to
18 rejoin in-person classes with their peers; and

19 (3) extend the public health disaster emergency declaration issued by the
20 governor on January 15, 2021, and all the powers granted under AS 18.15.390 and
21 AS 26.23.020, to December 31, 2021.

22 * **Sec. 2.** The uncodified law of the State of Alaska is amended by adding a new section to

3 (c) Notwithstanding (b) of this section, if the commissioner of health and social
4 services certifies to the governor that there is no longer a present outbreak of novel
5 coronavirus disease (COVID-19) or a credible threat of an imminent outbreak of COVID-19,
6 the governor shall issue a proclamation that the public health disaster emergency identified in
7 the declaration issued by the governor on January 15, 2021, no longer exists as of a date
8 determined by the governor. The certification must be based on specific information received
9 from a state or federal agency or another source that the commissioner determines to be
10 reliable.

11 (d) The governor shall submit a proclamation issued under (c) of this section to the
12 revisor of statutes, the president of the senate, the speaker of the house of representatives, and
13 the lieutenant governor.

14 * **Sec. 3.** The uncodified law of the State of Alaska is amended by adding a new section to
15 read:
