Re: No. 21-11715, *State of Florida v. United States, et al.*

Dear Mr. Smith:

We write in response to the Court's December 1, 2021 order calling for supplemental letter briefs addressing whether the recent immigration enforcement policies issued by DHS moot this case.

Because those recent enforcement policies have superseded the policies that Florida challenged here, Florida has moved, unopposed, to dismiss its appeal as moot and for vacatur of the district court's decision, *see* Unopposed Motion for Voluntary Dismissal and for Vacatur (Dec. 10, 2021), and respectfully reiterates that request here.

Sincerely,

/s/ Jason H. Hilborn
